Sherwood Forest Neighborhood Association

## Briery Road Construction Update at SFNA General Meeting

*Mr. Nick Merritt - City of Irving  
to speak Tuesday, March 7, 2006 at 6:30 P.M.*

The general meeting of the Sherwood Forest Neighborhood Association will feature the following speakers:

Mr. Nick Merritt from the City of

Irving who will present the City's Plans for building construction at the Briery Road Facility.

An additional presentation will be made by our very own Fran Witte, also of the City of Irving, who will update us on the changes in the recycling program and brush pickup schedules.

A significant update to the recycling program has been made! Instead of recycling only once a month we can now recycle one a week, every Thursday! Bring out the blue bags!
